

Revit Model Features

1. The model uses a type catalogue so all sizes of the XBC85-V range can be inserted using the same .rfa file (see Read Me file attached for further info)

The xbc85-v.rfa model attached includes the following options in the Model Properties Category in the Properties Window

| Model Properties | |
|---------------------------|-------------------------------------|
| Show Access Clearance | <input checked="" type="checkbox"/> |
| Room Side Silencers | <input checked="" type="checkbox"/> |
| Atmosphere Side Silencers | <input checked="" type="checkbox"/> |

2. 'Show Access Clearance' allows you to show or hide the access clearance transparent area of the model

| | |
|---|--|
| Show Access Clearance <input checked="" type="checkbox"/> | Show Access Clearance <input type="checkbox"/> |
|---|--|

3. You can also choose to show silencers using the tick boxes below.

| | |
|--------------------------|-------------------------------------|
| Room Side Silencer | <input checked="" type="checkbox"/> |
| Atmosphere Side Silencer | <input checked="" type="checkbox"/> |
