

# New All-In-One Connectors

Nuaire's range of One Piece Connectors consists of NTD-125-OPC (125mm dia.), NTD-204-OPC (204x60mm) and NTD-220-OPC (220x90mm).

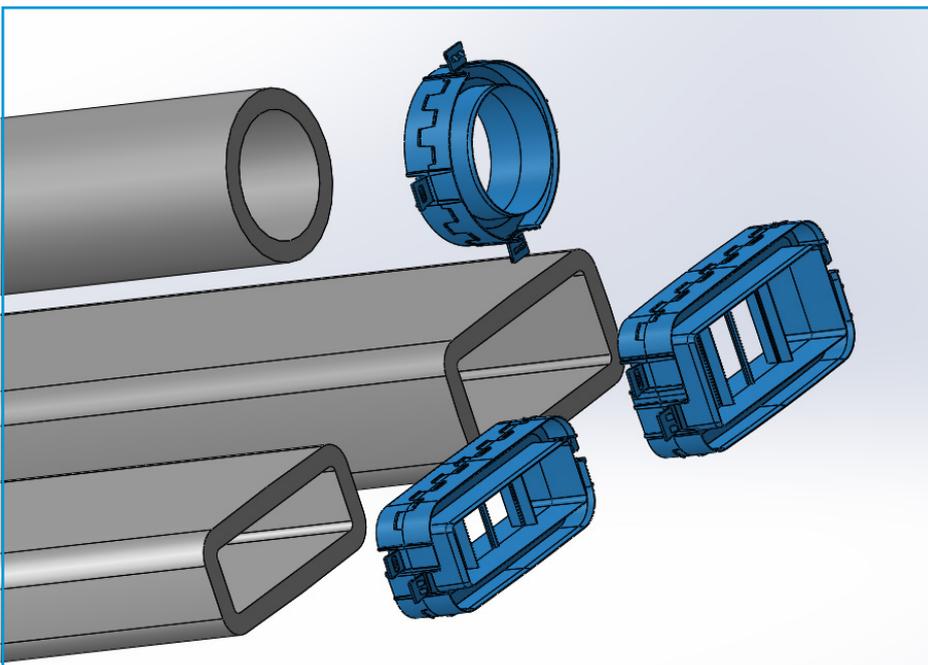

In order to fit Nuaire's One Piece Connectors to existing Nuaire Thermal Ducting (NTD), please note you will need to remove the black inner connectors.

Please see the figures below for further instruction.

Where applicable remove any black inner connectors.

Figure 1. Nuaire Thermal Ducting with old multiple piece connectors.

Replace with appropriate size one piece connector. Installation instructions can be found in I&M 671780.
